Public input meetings for Buffalo, Jackson, Pepin, and Trempealeau Counties

Several public and private partners are working to improve outdoor recreation and tourism opportunities in Western Wisconsin. This 8 County Outdoor Recreation Plan (8 CORP) will help us understand the outdoor recreational needs and preferences of residents and visitors to Buffalo, Chippewa, Clark, Dunn, Eau Claire, Jackson, Pepin, and Trempealeau Counties.

We need you to come to a session and provide input.

- Identify popular outdoor activities and destinations
- Understand the barriers and challenges that limit outdoor recreation access
- Discover opportunities for improving outdoor recreation facilities and programs
- Ensure that our outdoor spaces meet the diverse needs of our community
